Health service management in sub-acute care

› AIMS

- › This workshop has been designed to update clinicians working in Rehabilitation Medicine and Geriatric Medicine, on contemporary issues facing them as leaders in the Australian Health and Disability systems.
- › Throughout the workshop you will be challenged to develop and reflect on your leadership skills.
- › You will have the opportunity to share your ideas and will benefit from the insight of the experienced health managers providing tuition.
- › Certificates will be provided for continuing education credit.

› Please register early as numbers are strictly limited

- › Post or scan and email registration to
- › Dr Alexis Berry
